

WEC Group Ltd, established for over 30 years and now one of the North Wests leading engineering and machining companies, is looking to recruit an enthusiastic and self motivated CNC Turner to join their successful machining department.

## CNC TURNER

Ideal candidates should be able to demonstrate the following :

- Mazatrol programming experience, must be able to program complex components on milling or turning.
- Ability to work to tight tolerances.
- Able to work to tight deadlines.
- Must be a team player and able to work unsupervised.
- Min. 2 years recent experience involving Mazaks.
- Apprentice trained.
- Iso programming experience.
- Heidenhein programming experience.
- Able to program both lathes and milling machines.
- Experience of manual turning / milling.
  
- Candidates must be flexible in their approach to working hours and also to working practices, available to do overtime when necessary and also carry out other duties when required. In return we offer good long term job prospects, the opportunity of overtime, a good bonus, training when required and possibility of progression within the group.
- Hours of work –
- Days Mon to Thurs 7.30am to 4.30pm and Fri 7.30am to 12.30pm.
- Nights Mon to Wed 7pm to 7am and Thurs 7pm to 2am. (initially working days until progressing to nights within 4-6 weeks)
- Overtime available on a regular basis, as and when required.

In return as a growing company we can offer excellent rates of pay and long term career prospects.
