

Due to expansion WEC Group, a Darwen based engineering company established for over 30 years and now one of the North Wests leading engineering, fabrication and laser cutting companies, is looking to recruit an enthusiastic and self motivated Project/Planning Engineer to oversee a new and exciting venture based in **Sherburn – In - Elmet, Leeds**.

2 x Project / Planning Engineers based in Leeds

Ideal candidates should be able to demonstrate the following :

- Fabrication or engineering skills background
- Conversant in welding and fabrication technologies
- Experience in a similar role within the welding and fabrication industry
- Proven performance working within a fast paced engineering office
- Ability to work on multiple and varied projects from order to completion
- Good communication skills & the ability to work well with both customers and as a valuable team member
- CAD experience & professional qualifications an advantage but not essential.

In return as a growing company we can offer excellent rates of pay, varied and interesting projects along with long term career prospects.
